

Plant Manager – Grafton Plant

Location: Grafton, ND

Job Type: Full-Time Salaried

FLSA Status: Exempt

Reports To: General Manager

Are you an experienced leader in plant operations looking to make an impact? We are seeking a **Plant Manager** to oversee and drive the day-to-day production, safety, and staffing at our Grafton facility.

Key Responsibilities:

- Manage daily plant operations to ensure production efficiency, quality, and safety standards are met.
- Lead, mentor, and develop floor supervisors and hourly staff, fostering a culture of accountability and teamwork.
- Collaborate closely with upper management to monitor inventory levels, assess bin quality, and address any issues or conditions affecting storage bins.
- Ensure compliance with all health, safety, and environmental regulations.
- Oversee scheduling, staffing, and training needs in collaboration with upper management.

Qualifications:

- 2+ years of experience in plant or manufacturing management preferred (Potato/agricultural processing preferred).
- Strong leadership and communication skills.
- Proven track record of managing people, processes, and performance.
- Comfortable working in a fast-paced, hands-on production environment.

Preferred:

- Experience in agricultural or produce handling environments.

Why Join Us?

- Competitive salary and benefits including medical, dental, vision, 401k, long term disability, and paid time off.
- Collaborative leadership team

Apply today to lead one of our core facilities into the future.
